

Dream, Believe, Achieve

The Oriel Perspective...

At Oriel Academy, we encourage our children to **dream**; we work in partnership with our community so that our children **believe** they can **achieve**.

Our school is a hub within a diverse community; our children arrive here every day and bring a variety of traits, attitudes and ideas.

This diversity is our strength.

To bind us, to hold us together, to challenge us, we strive to create a curriculum experience that invites and invigorates.

We bring that experience to life by living it with the children- growing together and pushing to do better.

And we help each other to do better. Every day. Welcome to Oriel Academy.

Dream, Believe, Achieve
