**App Live 360 – family location sharing app:**

**Life360 is a free family communication, location and alert app for smartphones that allows users to share their locations with each other. Geo-fences can be used, for example, to track when family members arrive at or leave work, school or home. This may be useful for parents whose children come to and from school by themselves.**

**Library Project Help Needed:**

**Our wonderful Year 6 Library Crew are going to make our library the best! We would welcome furniture (shelving, beanbags, big cushions, LED lights, decals etc. and books in a good condition. **COMPETITION TIME!**

Years 3, 4 and 5 are taking part in the Big Walk and Wheel competition starting next week, from 21st March-Friday 1st April. Healthy travel is how we can earn points against other schools across the country, so your children are being invited to walk, scoot or cycle to and from school each day!

Children will need to walk their bikes/scooters around to Nursery each morning, where a member of staff will be waiting. Please remember to label your child's bike/scooter with their class and name. Bikes/scooters will then need to be collected at the end of each day.

Those who travel to school by road vehicles are still welcome to join in- perhaps their journey could finish a little further away from school, enabling them to walk, scoot or cycle for the rest of the way.
