

Consultation for Nursery Expansion

Extending our Nursery Provision

Oriel Academy West London is undertaking a consultation process to expand our Nursery PAN. The proposal is to extend our existing building within the grounds of Oriel Academy West London in order to increase our Nursery PAN to 26 for AM nursery and 26 for PM nursery. Our current published PAN is 26 for PM session only.

Oriel Academy West London is a two form entry school that provides education to pupils aged 3 to 11. We are part of the Aspirations Academies Trust that oversees 16 Academies, with two primary schools in the West London Region and three secondary's.

Proposed Development

We are proposing to expand our current Nursery provision to a morning and afternoon provision as we currently only provide an afternoon session which is limiting the number of parents wanting/being able to use our provision. If we were to offer a setting which allows parents to access their 30 hours funding, more children would attend our Nursery. This will have a positive impact on our Reception admissions going forwards. By extending our building we will be able to offer an increased quality of provision by modernising our building and increasing our facilities including specialist SEND facilities.

From September 2025, the government is extending the 30 hour Childcare Funding to all children under the age of 5. This will increase the need for additional places at all Nursery settings. There is currently only one Nursery provision within walking distance of our Academy.

In order to uphold the government's vision for our young children, we feel that Oriel Academy is in a strong position to extend its current Ofsted rated Good practices that we already hold in our Academy. We have an excellent provision and structure in place to extend our offer to give more children within our community the best start to their education.

The proposed expansion will extend the building into our staff car park with no disruption to the Academy.

Consultation

It is important that all stakeholders and other interested parties are given the opportunity to express their views. The consultation period on this proposal is from Friday 20th December 2025 to Friday 31st January 2025 and we invite you to email with any questions to office@oriel-aspirations.org
